

Add layers and depth by combining panels of varying heights to the ceiling plane with HeartFelt™ Levels.

KEY FEATURES

- Modular ceiling system with felt panels
- Panel Width: 1⁹/₁₆"
- Panel: Depth: 2³/₁₆"
- Panel length: 8'
- Panel depth reveal: Up to 1"
- Varying heights and spaces allow for enhanced acoustics and unique custom visuals in a modular application
- Square-edge design
- Easy plenum access
- Interior applications
- Compatible with industry standard lighting, HVAC, speaker, fire safety, and security services
- Red Dot Award 2017 Winner - Best of the Best
- Carrier modules for various depths and reveals

Given the unique and special nature of our HeartFelt™ ceiling product, steps should be taken (before and during installation, as well as over the lifetime of the ceiling) to avoid or minimize static and the accumulation of dust, lint, dirt or airborne particles on or around the felt. Manufacturer does not warrant against or take responsibility for any such static or accumulation.
